Guidelines for the Challenge Valuation:

1. The candidate will apply for Challenge Valuation in a specified application and should be routed through the Mentor and the HOD concerned.
2. The candidates who have applied for the revaluation for a paper(papers) of an exam are only eligible for the Challenge Valuation of that paper(papers) of that exam.
3. A fee of Rs. 10,000/- (Rupees Ten Thousand only) for each paper is to be paid within the last date for Challenge valuation.
4. The HOD concerned will nominate a teacher of the concerned subject to observe the valuation in support of the Candidate. This will be done on the request of the candidate.

Procedure for Challenge Valuation (CV)

- i) All the student Answers scripts applied for Revaluation, shall be evaluated by the Two Examiners (i.e 2nd and 3rd Examiner). Then, the lowest mark among these two evaluated marks awarded by the 2nd and 3rd Examiner shall be taken into consideration to arrive the **revaluation mark. (lowest among 2nd and 3rd valuations).**

Example: if a candidate secures 30 marks in the 2nd valuation, 40 marks in the 3rd valuation in the revaluation, then the lowest among these two revaluated marks shall be considered to arrive the **revaluation marks.** (i.e 30 marks in this case).

- i) Then the **revaluation marks** will be compared with the Original/First Valuation Marks and the difference between these two marks (Original/First Valuation Marks and **revaluation marks**) is greater than or equal to 15% of maximum Marks, then **revaluation marks** will be considered to arrive the **final revalued marks** in that subject.

Example: For the above case, final revaluated marks (30) compared to Original /First Valuation marks (19), which is exceeding 15% of maximum Marks. (Hence, 30 marks shall be awarded to the student).

- ii) The Final revaluated Marks will be added to the Internal Marks to arrive the result. i'e **Fail to Pass/ Grade Change**, whichever is applicable subjected to the condition that he/she secures 40% of marks in aggregate for UG courses and 50% for P.G courses.

- iii) There will be no change in the status of the result if the difference between the revaluation marks and the original/ first valuation marks is less than 15% of maximum marks of that paper.

Example : if a candidate secures 19 marks out of 60 marks in the original/first valuation and obtained 26 marks in the **final revaluation/challenge valuation**, then there will be no change in the revaluation/ challenge valuation as the candidate could not secure 15% or more on maximum marks (60) i.e., 9 or more marks here beyond 19 marks.

If the marks obtained in the Challenge Valuation are more than or equal to 15% of the maximum marks with respect to the original marks obtained in the first valuation, then the marks obtained in the Challenge Valuation will be awarded to the candidate and the Institute will pay back Rs. 9,000/- (Rupees Nine Thousand Only) to the candidate. Otherwise, there will not be any change in the result of the candidate and original marks will be retained and the candidate will forfeit the fee paid.
